

Statement of Accomplishment

Algorithms: Design and Analysis, Part I

Name: Patrick Speiser

Email: doskir@gmail.com

Congratulations! You have successfully completed the free online offering of Design and Analysis of Algorithms I, offered March through April, 2012. To successfully complete this free online class, students were required to watch lectures, complete quizzes and automated exercises, and take a final exam. According to our automated system, your scores on these components were as follows:

- | | | |
|--------------------------|-------------|--------------------------------|
| - Problem Sets: | 33.0 | out of a maximum of 40 |
| - Programming Exercises: | 28.0 | out of a maximum of 30 |
| - Exams: | 24.0 | out of a maximum of 30 |
| - Scaled Total: | 85.0 | out of a maximum of 100 |

We thank you for your interest in studying algorithms, and look forward to seeing you again soon.

Sincerely,

Tim Roughgarden

Associate Professor of Computer Science

Please note: This online offering of Algorithms: Design and Analysis, Part I, does not reflect the entire curriculum offered to students enrolled at Stanford University. This statement does not affirm that you were enrolled as a Stanford student in any way; it does not confer a Stanford grade; it does not confer Stanford credit; it does not confer a Stanford degree or a certificate; and it does not verify the identity of the individual who took the course.
